

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/dmr-2020-05	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	No
2	If not, would you like to share the reason for your decision?	We do not have approval from the IRB to share data.
3	What data in particular will be shared?	.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From publication date
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Hepatologists and researcher associates who request the data.
8	For what type of analysis or purpose?	To evaluate medical disparity in patients with NASH/NAFLD
9	How or where can the data/documents be obtained?	Email corresponding authors listed on the manuscript
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
