Yinglu Guo, Professor and Honorary President of Peking University and Academician of China Academy of Engineering, received Distinguished Career Award at the 35th Congress of the Société Internationale d'Urologie (SIU) which was attended by up to 4,000 urological experts on October 15, 2015. Professor Guo was presented the award for his extraordinary contribution to the society and to the field of urology over the course of his career (Figures 1,2).

SIU 2015, 35th Congress of the SIU was held in Melbourne Convention and Exhibition Centre, Australia from October 15 to 18, 2015. SIU was founded in 1907 and the congress of it is organized annually, which attracts enthusiastic urological experts from all over the world to cope with the topics of urology, health, science and technology and far more (Figure 3).

As the key national discipline, experts of Peking University Hospital Urology are invited to attend the congress of the SIU every year. Dr. Yinglu Guo, dean of Peking University Urologist Training College and Andrology Center of Peking University First Hospital, was awarded the Distinguished Career Award with three other urologists from different countries on the congress at this year. This award is both recognition of Prof. Guo's achievements and affirmative of Chinese medical workers. To thank SIU for the award, the book *Transurethral Columnar Balloon Dilatation of Prostate* edited by Prof. Yinglu Guo was given to SIU by Prof. Liping Xie, standing committee of the China Medical Association Urology Department Branch and Prof. Xuesong Li, Associate Professor of Peking University First Hospital Urology as souvenir (Figure 4).
