

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/apm-20-1223	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Disidentified individual data, propofol dose gradient, and BIS value less than 50 and MAP fluctuation amplitude more than 40 positive results were collected in clinical trials
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the understanding of anesthesia in obese patients may be updated over time.
7	To whom will you share the data?	Anesthesiologists and related researchers or people interested in the pharmacokinetics of obese patients.
8	For what type of analysis or purpose?	Provide basis for rational use of anesthetic drugs in morbid obesity patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: 1447232027@qq.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
