

## Data Sharing Statement

<b>Article Info</b>	http://dx.doi.org/10.21037/apm-19-499	
<b>Item</b>	<b>Question</b>	<b>Authors' Response</b> (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Hemoglobin concentration data in particular will be shared, and we have found that iron sucrose injection can improve hemoglobin concentration.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the date may be updated over time.
7	To whom will you share the data?	Physicians who are interested in the research of sucrose iron injection in patients with anemia caused by digestive system diseases.
8	For what type of analysis or purpose?	Study on whether iron sucrose injection can improve anemia.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: xingshunqi@126.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
