*Journal of Gastrointestinal Oncology (JGO)* retracts the article “The early diagnosis of pancreatic cancer and diabetes: what's the relationship?” (doi: 10.3978/j.issn.2078-6891.2014.055) which was published in this journal in December 2014. We apologize for the inconvenience caused.

“The early diagnosis of pancreatic cancer and diabetes: what's the relationship?” is a plagiarism of the paper entitled “New-onset diabetes: a potential clue to the early diagnosis of pancreatic cancer” published in *Lancet Oncol*, Jan 2009. The editorial team of *JGO* deeply apologizes to the original authors.
