Erratum to: J Thorac Dis 2013;5:S200-S206.

### *Totally thoracoscopic pulmonary anatomic segmentectomies: technical considerations*

In the article that appeared on Page S200-S206, Vol 5, Supplement 3 (August 2013) Issue of the *Journal of Thoracic Disease (JTD)* (1), there are some errors in Table 1:

The correct *Table 1* should have been shown as follows:

**Table 1** Resected segments (112 patients)

| Right                              | N  | Left                       | N  |
|------------------------------------|----|----------------------------|----|
| Apicoposterior (S1+2)              | 26 | Upper division (S1+2 + S3) | 15 |
| Superior (S6)                      | 10 | Apicoposterior (S1+2)      | 1  |
| Basilar segments (S7-10)           | 18 | Lingula (S4+5)             | 7  |
| Posterior Basilar segments (S9+10) | 1  | Superior (S6)              | 14 |
| Anterior Basilar segments (S7+8)   | 2  | Basilar segments (S8-10)   | 13 |

The publisher regrets the error.
