Clinical impact of the lung tissue transcriptome in a teenager with multifocal invasive mucinous adenocarcinoma—a case report

In the June 2020 issue of *Translational Lung Cancer Research (TLCR)*, the case report “Clinical impact of the lung tissue transcriptome in a teenager with multifocal invasive mucinous adenocarcinoma—a case report” (1) was published with one error. On page 794, lines 11-12 of the right column, the transcription factor TTF-1 is incorrectly named “Transcription Termination Factor 1”. The name should be corrected as “Thyroid Transcription Factor 1”.

The authors regret any inconvenience caused by this error.
