

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/ales-20-97	
Item	Question	Authors' Response (place - if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Demographics, operation performed, outcome measure (leak) as per excel spreadsheet.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	There is no other document available to share. Being a cohort series there is no statistical analysis performed. Also informed consenting was waived by our institution.
5	When will data availability begin?	From time of publication.
6	When will data availability end?	A year from time of publication. We will attempt to include more patients with a view to publish the larger series in the future
7	To whom will you share the data?	Corresponding authors of an article on air leak testing.
8	For what type of analysis or purpose?	For clarification of information not included in our manuscript.
9	How or where can the data/documents be obtained?	Need to contact corresponding author and application made to review board of our hospitals.
10	Any other restrictions?	Data will be de identified to preserve patient's privacy.
