

## Data Sharing Statement

<b>Article Info</b>	<a href="http://dx.doi.org/10.21037/lcm-21-2">http://dx.doi.org/10.21037/lcm-21-2</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response</b> (place "NA" if not applicable)
1	Would you like to share data collected for your study to others?	Yes, but only after a reasonable request from another scientific colleague.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Raw Candida data. All rodent data are already in the publication, but raw Babesia data can be requested.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	After in print publication.
6	When will data availability end?	3 years after publication.
7	To whom will you share the data?	Other scientific investigators.
8	For what type of analysis or purpose?	Scientific.
9	How or where can the data/documents be obtained?	Upon a reasonable direct email request to the Corresponding Author for the raw Candida data. For raw Babesia data, contact first author, Elfawal.
10	Any other restrictions?	Relevant authors should be acknowledged in any use or dissemination of such data.
