

## Data Sharing Statement

<b>Article Info</b>	https://dx.doi.org/10.21037/lcm-21-60	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	No
2	If not, would you like to share the reason for your decision?	Because these data are part of a database of patient care at the acupuncture clinic and therefore these patients can still be followed up by our team.
3	What data in particular will be shared?	.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	We can share a study protocol.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Anytime.
7	To whom will you share the data?	Anyone who are interested on.
8	For what type of analysis or purpose?	For use in TMD patients
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared study protocol: luzsousa@fop.unicamp.br
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
