Reviewer A

Lovely editorial. Well written and useful.

Reviewer B

I found the Commentary interesting and making justified and necessary notifications. In my opinion, the Commentary is exemplary in its current form and does not require any revisions.

Reviewer C

This commentary is a valuable response to the article in question. It contains several important, comprehensible and pertinent criticisms and questions regarding the conduct and description of the randomized and controlled study on the performance of prophylactic lymph microsurgery. Thanks for this valuable commentary.
