Erratum to: *Gland Surg* 2023;12:1326-7

In the June 2023 issue of *Gland Surgery*, the paper titled “Erratum to relationships between serum levels of vitamins and papillary thyroid cancer: a single center case-control study” (*Gland Surg* 2023;12:1326-7. doi: 10.21037/gS-2023-04) (1), was published for correction of the registration number of the ethics board in the article (2) published earlier.

However, there are still some errors found in the funding information. The updated “Acknowledgments” section and “Footnote” section are presented below.

In the “Acknowledgments” part, the Funding should be corrected as:

Funding: The study was funded by specific grant from Istituto Auxologico Italiano.

In the “Footnote” part, the Conflicts of Interest should be corrected as:

Conflicts of Interest: All authors have completed the ICMJE uniform disclosure form (available at <https://gs.amegroups.com/article/view/10.21037/gS-22-520/coif>). The authors have no conflicts of interest to declare.

In the ICMJE uniform disclosure form (available at <https://gs.amegroups.com/article/view/10.21037/gS-22-520/coif>), the funding information disclosed in item #1 should be corrected as: The study was funded by specific grant from Istituto Auxologico Italiano.

The authors regret the error and all inconveniences caused.
