

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/gs-2024-550	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	The basic information of the samples included in our study, especially patients with abdominal underlying diseases, which may be beneficial for subsequent subgroup analysis of such patients.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival data may be updated over time.
7	To whom will you share the data?	Surgeons or endocrinologists who are interested in our research.
8	For what type of analysis or purpose?	For analysis to evaluate the Pancreatic volume, pancreatic disease or pancreatic surgery.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: 3416233@zju.edu.cn.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
