

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/gc-24-440	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	The data set includes clinical data and imaging data from the study.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Yes, the study protocol, and statistical analysis plan will be shared upon request.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Data will be available for a period of 5 years following the publication date.
7	To whom will you share the data?	Medical oncologists and breast surgeons who are interested in our studies
8	For what type of analysis or purpose?	The data will be shared for further clinical and radiomic research, particularly for the development of predictive models and analysis of imaging features.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: zhonghh7@mail.sysu.edu.cn
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
