Professor Hoon Yub Kim: Transoral Robotic Thyroidectomy shows promising results with ideal outcomes

In the December 2016 issue of *Gland Surgery*, the article “Professor Hoon Yub Kim: Transoral Robotic Thyroidectomy shows promising results with ideal outcomes” (1) was published with an error.

The affiliation of Prof. Kim in Figure 2 (cover page of the interview video) was incorrectly stated as “Department of Health Screening and Promotion Center, University of Ulsan College of Medicine, Seoul, Korea”, and should be corrected as “Department of Surgery, Korea University College of Medicine, Seoul, Korea”.

The publisher regrets the error.
