

## Data Sharing Statement

<b>Article Info</b>	<a href="http://dx.doi.org/10.21037/gc-20-284">http://dx.doi.org/10.21037/gc-20-284</a> .	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	A table in Excel with data of patients, included in the present investigation, containing information about surgery performed, follow-up, complications, and answers to the questionnaire will be shared.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	From the publication date.
6	When will data availability end?	There is no limitation time in data availability
7	To whom will you share the data?	The readers who are interested in our study
8	For what type of analysis or purpose?	For further analysis of the scientific research results, and for education aims.
9	How or where can the data/documents be obtained?	The datasets generated for this study are available on request to the corresponding author.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
