

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/gs-21-599	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	No
2	If not, would you like to share the reason for your decision?	The primary data file was produced by the UCSD Cancer Registry, so we do not own the source data file. We supplemented this file with chart review, however the initial list used for filtering for patients with the proper pathology and inclusion criteria was through the UCSD Cancer Registry, who control access to the cancer data at UCSD.
3	What data in particular will be shared?	-
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	-
6	When will data availability end?	-
7	To whom will you share the data?	-
8	For what type of analysis or purpose?	-
9	How or where can the data/documents be obtained?	-
10	Any other restrictions?	-
