

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/ccco-23-15	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The dosimetry data used to compare scalp, planning treatment volume (PTV), and organ at risk (OAR) radiation doses will be shared.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The detailed dose-volume histogram data used to construct the scalp and PTV DVHs included in the manuscript will be available upon reasonable request.
5	When will data availability begin?	From the publication date
6	When will data availability end?	Indefinitely
7	To whom will you share the data?	Surgical, medical, and radiation oncologists as well as medical physicists.
8	For what type of analysis or purpose?	For an analysis of the feasibility and safety of a scalp sparing VMAT approach to radiation delivery for glioblastoma patients.
9	How or where can the data/documents be obtained?	Via email inquiry to the PI or the first author PI: wenyin.shi@jefferson.edu Author: muneeb.niazi@jefferson.edu
10	Any other restrictions?	The benefits and risk of each request will be weighed before data is shared.
