

Data Sharing Statement

| | | |
|---------------------|---|---|
| Article Info | https://dx.doi.org/10.21037/hbsn-24-33 | |
| Item | Question | Authors' Response (place "-" if not applicable) |
| 1 | Would you like to share data collected for your study to others? | Data will be shared upon reasonable request to the corresponding and/or senior author. |
| 2 | If not, would you like to share the reason for your decision? | n.a. data will be shared upon request |
| 3 | What data in particular will be shared? | Based on the request relevant data will be shared. |
| 4 | Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code. | Informed consent form, analytical code: we do not provide any warranty that sharing it directly on another platform without adaptation will result in runnable source code |
| 5 | When will data availability begin? | Upon publication |
| 6 | When will data availability end? | two years after publication |
| 7 | To whom will you share the data? | other researchers with legitimate interest |
| 8 | For what type of analysis or purpose? | Analysis that focus on viability assessment biomarkers in liver transplantation |
| 9 | How or where can the data/documents be obtained? | request to the corresponding and/or senior author |
| 10 | Any other restrictions? | We will evaluate the potential benefits and risks for each request and subsequently provide the data that can be shared. |
