

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/hbsn-21-418	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	The graft survival data will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis results, table and figures will be shared if request.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	One year within the publication date, since the technique and survival date will be updated.
7	To whom will you share the data?	Surgeons who are interested in LDLT.
8	For what type of analysis or purpose?	For analysis to evaluate the safety of living donor and recipients, including meta-analysis and systematic review.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: zhu-zhijun@outlook.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
