

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/atm-22-3597">https://dx.doi.org/10.21037/atm-22-3597</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	We will share the results of regional lung function of COPD patients before and after PR, which has been rarely studied in previous studies.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or sample size may be updated over time
7	To whom will you share the data?	Clinicians who are interested in EIT equipment or are committed to studying COPD.
8	For what type of analysis or purpose?	Evaluation of regional lung function in COPD patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: 1814603448@qq.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
