Retraction to: *Ann Transl Med* 2020;8:767

The paper “Artesunate induces apoptosis and inhibits the proliferation, stemness, and tumorigenesis of leukemia” (doi: 10.21037/atm-20-4558) published in *Annals of Translational Medicine* in Vol 8, No 12 (June 2020) (1) needs to be retracted, as Xiaoqing Xie, the co-author has objection over its publication. We failed to inform Xiaoqing Xie the publication of the mentioned article because of changed contact information. Now we need to retract the paper as Xiaoqing Xie objects its publication. All authors agree with the retraction of the paper. We hereby declare.

Footnote

Conflicts of Interest: All authors have completed the ICMJE uniform disclosure form (available at <https://atm.amegroups.com/article/view/10.21037/atm-2022-29/coif>). The authors have no conflicts of interest to declare.

Ethical Statement: The authors are accountable for all aspects of the work in ensuring that questions related to the accuracy or integrity of any part of the work are appropriately investigated and resolved.
