

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/atm-22-4323">https://dx.doi.org/10.21037/atm-22-4323</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The raw data (those not included in the article or not public data) will be shared if requested.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The protocols of some biochemistry experiment without detailed descriptions in previous reports and statistical analysis plan will be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the experimental protocols may be updated over time.
7	To whom will you share the data?	Researchers who are interested in the experimental methods of this study.
8	For what type of analysis or purpose?	For analysis to characterize Carbapenem-Resistant <i>Klebsiella pneumoniae</i> .
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: <a href="mailto:tedhsu@163.com">tedhsu@163.com</a> .
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
