

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/atm-22-1007">https://dx.doi.org/10.21037/atm-22-1007</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The clinical outcome data in particular will be shared, and we also found relatively smooth range of intermediate vision, and high levels of visual quality and patient satisfaction until one year after surgery.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	One year within the publication date, since the clinical outcome data may be updated over time.
7	To whom will you share the data?	Ophthalmologists who are interested in studies of multifocal toric intraocular lenses.
8	For what type of analysis or purpose?	For analysis to evaluate the visual outcomes after the implantation multifocal toric intraocular lenses.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: tychung@skku.edu
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
