

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-2022-58	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Deidentified final data variables will be shared
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	All details are shared in the manuscript
5	When will data availability begin?	From date of publication
6	When will data availability end?	Until 2 years after publication as IRB stipulated
7	To whom will you share the data?	Anesthesiologists, pain physicians, pharmacology or genetic researchers
8	For what type of analysis or purpose?	Oxycodone outcomes and CYP2D6 phenotype association analysis in children undergoing surgery
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: Vidya.chidambaran@cchmc.org
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
