

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/atm-22-3303">https://dx.doi.org/10.21037/atm-22-3303</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	We are happy to share data, upon reasonable request directed to the Corresponding Author.
2	If not, would you like to share the reason for your decision?	NA
3	What data in particular will be shared?	We can share the data that were used for analysis in our study, depending on the nature of the request.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	We can also share the informed consent forms as well as the analysis plan.
5	When will data availability begin?	After the paper is published, if there is a request for data sharing, we are happy to interact with these requests.
6	When will data availability end?	NA
7	To whom will you share the data?	The Corresponding Author will liaise with the person who is requesting the data. These communications are reserved for academic collaborations and persons interested in research.
8	For what type of analysis or purpose?	Researchers interested in serious bacterial infections.
9	How or where can the data/documents be obtained?	Direct correspondence with the Corresponding Author.
10	Any other restrictions?	NA
