

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-22-5918	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The datasets used and/or analysed during the current study are available from the corresponding author on reasonable request.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or data may be updated over time.
7	To whom will you share the data?	Respiratory physicians who are interested in this study.
8	For what type of analysis or purpose?	For analysis to evaluate the independent risk factors of asthma exacerbations.
9	How or where can the data/documents be obtained?	The datasets used and/or analysed during the current study are available from the corresponding author on reasonable request.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
