

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/atm-22-5838">https://dx.doi.org/10.21037/atm-22-5838</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The original data used in this study are available.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The clinical protocol and statistical analysis are fully represented in this article, so only the information collected through the questionnaire is provided here.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	One year within the publication date, because COVID-19 was not in the midst of a pandemic over time or we were already gaining a new understanding of that, pursuing new initiatives and strategies to respond.
7	To whom will you share the data?	Medical oncologists, breast surgeons, and epidemiologists interested in COVID-19 vaccines.
8	For what type of analysis or purpose?	Breast cancer and COVID-19 vaccine and other related studies.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: msjiangyue@foxmail.com.
10	Any other restrictions?	Requestors are required to provide a clear purpose and approximate scheme to facilitate us in balancing the potential benefits and risks for each request and then providing the data that could be shared.
