

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-22-6469	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Individual patient data.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis as well as analytic code will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the survival data may be updated over time.
7	To whom will you share the data?	Researchers who provide a methodologically sound proposal.
8	For what type of analysis or purpose?	To achieve aims in the approved proposal.
9	How or where can the data/documents be obtained?	Request of the original data should be sent to the corresponding author. To gain access, data requestors will need to sign a non-disclosure agreement (NDA).
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
