Erratum to: *Ann Transl Med* 2022;10:218.

The article (1) titled “*Panax notoginseng* attenuates hypoxia-induced glycolysis in colonic mucosal epithelial cells in DSS-induced colitis” (doi: [10.21037/atm-22-566](https://doi.org/10.21037/atm-22-566)) unfortunately contains an error in *Figure 4*. The images of *Figure 4A* selected to represent the expression of ATP4a in cmECs, LPMC, and cmVECs for both the control and model groups were misused.

Figure 4 of the original article:

The revised version of *Figure 4*, containing the correct data for the expression of ATP4a in cmECs, LPMC, and cmVECs in *Figure 4A*, is shown below:

This error did not significantly affect either the results or the conclusions of the paper.
