

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-20-6362	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	Statistical analysis plan will also be shared if requested.
3	What data in particular will be shared?	The hNotch1.ICN onto EPCs biological behavior data in particular will be shared, which has seldom been provided in previous studies.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	From the publication date.
6	When will data availability end?	One year within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Doctors who are interested in studies of ischemic disease.
8	For what type of analysis or purpose?	For analysis to evaluate the safety of hNotch1.ICN onto EPCs could be used as a potential candidate to treat many ischemic diseases.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: guopeng@stu.gxmu.edu.cn .
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
