

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-20-1431	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The optical coherence tomography images and clinical variables of diabetic macular edema before surgery will be shared.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol, statistical analysis plan and analytic code will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique may be updated over time.
7	To whom will you share the data?	Ophthalmologists who are interested in the studies of ensemble learning and diabetic macular edema.
8	For what type of analysis or purpose?	For purpose to develop a ensemble learning model to predict diabetic macular edema treatment outcome after surgery.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: yuhonghua@gdph.org.cn .
10	Any other restrictions?	We might balance the potential benefits and risks for each request before providing the shared data.
