

## Data Sharing Statement

<b>Article Info</b>	<a href="http://dx.doi.org/10.21037/atm-20-3474">http://dx.doi.org/10.21037/atm-20-3474</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The EUS results in particular will be shared. We found a link between EUS evaluation and survival
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis and all data in line with the study could be shared
5	When will data availability begin?	From the publication date
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Medical oncologists, digestive oncologists, and gastroenterologists
8	For what type of analysis or purpose?	For analysis of survival or a meta analysis
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: Romain.coriat@aphp.fr
10	Any other restrictions?	none
