

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-20-4201	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The immunological status in patients with CCSVI and their specific site of CCSVI.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and informed consent form will also be shared if requested.
5	When will data availability begin?	From the publication date
6	When will data availability end?	One years within the publication date, since the technique may be updated over time.
7	To whom will you share the data?	Neurologists and neurosurgeons who are interested in this study.
8	For what type of analysis or purpose?	For analysis to evaluate the correlation between autoimmune disease and CCSVI.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: skylarsong_2016@yeah.net
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
