

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-20-3932	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Raw data blinded for patient information.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report/protocol will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Five years after the publication because medicine and date evolve in such time.
7	To whom will you share the data?	Researchers and practitioners interested in.
8	For what type of analysis or purpose?	Any analysis of diagnostic test and intraoperative consultation.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: gyneonco.incan@gmail.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
