

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-20-4005	
Item	Question	Authors' Response (place “-” if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The data about CVVH patients in particular will be shared, which has seldom been provided in previous studies.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if necessary.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, as vancomycin dosage and CVVH practices may be updated over time.
7	To whom will you share the data?	Pediatricians who are interested in studies of vancomycin.
8	For what type of analysis or purpose?	For analysis to evaluate the optimal vancomycin dosage for critically ill children undergoing CVVH treatment.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: luozhengxiu816@163.com or plengyue@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
