<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The model-based weight range recommendations for the LMA sizes
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	the equation about model-based weight probability scores for LMA sizes
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the data may be updated over time.
7	To whom will you share the data?	Anesthesiologists who are interested in the use of laryngeal mask airway
8	For what type of analysis or purpose?	For analysis to identify the factors that might likely influence the Flexible LMA size selection as a function of weight, gender, and age
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: trrenyaoyao@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
