

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-20-4631	
Item	Question	Authors' Response (place “-” if not applicable)
1	Would you like to share data collected for your study to others?	We cannot share this data as the data set is from the National Cancer Database (NCDB), a work of the American College of Surgeons. Any investigator can request this data from them, and our manuscript has been written such that our data is clearly extractable. As terms of the agreement we entered when applying for the data set, only ACS can grant access. We will mark not available for the following responses.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	-
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	-
6	When will data availability end?	-
7	To whom will you share the data?	-
8	For what type of analysis or purpose?	-
9	How or where can the data/documents be obtained?	-
10	Any other restrictions?	-
