

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-20-3199	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The literature information used for bibliometric analysis since this part is critical in this study.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The study protocol, statistical analysis plan, and analytic code will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Three years within the publication date, since the bibliometric results may be updated over time.
7	To whom will you share the data?	Researchers who are interested in lung cancer screening.
8	For what type of analysis or purpose?	For bibliometric analysis or educational purpose on lung cancer screening.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: lmcams@163.com.
10	Any other restrictions?	We may balance the potential benefits and risks and then provide the data that could be shared.
