

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-20-7883	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Performance of pathological type prediction model in acute appendicitis and purulent appendicitis.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	None
5	When will data availability begin?	From the publication date.
6	When will data availability end?	All years of publication
7	To whom will you share the data?	Scholars who are interested in "machine learning based on peripheral blood biomarkers and clinical features to predict preoperative pathological types of acute appendicitis" and would like to further investigate
8	For what type of analysis or purpose?	Further study on "Preoperative Pathological Types of Predicting Acute Appendicitis"
9	How or where can the data/documents be obtained?	By Email: liutiejun_66dr@163.com
10	Any other restrictions?	None
