<u>Materials Design Analysis Reporting (MDAR)</u> Checklist for Authors

The MDAR framework establishes a minimum set of requirements in transparent reporting applicable to studies in the life sciences (see Statement of Task: doi:10.31222/osf.io/9sm4x.). The MDAR checklist is a tool for authors, editors and others seeking to adopt the MDAR framework for transparent reporting in manuscripts and other outputs. Please refer to the MDAR Elaboration Document for additional context for the MDAR framework.

Materials

| Antibodies | Yes (indicate where provided: section/paragraph) | n/a |
|--|---|-------|
| For commercial reagents, provide supplier | Page5/Line7-8 | |
| name, catalogue number and RRID, if available. | Page8/Line27-32 | |
| | | |
| Cell materials | Yes (indicate where provided: section/paragraph) | n/a |
| Cell lines: Provide species information, strain. | Page4/Line19-20 | |
| Provide accession number in repository OR | | |
| supplier name, catalog number, clone number, OR RRID | | |
| Primary cultures: Provide species, strain, sex of | We don't have primary culture data. | n/a |
| origin, genetic modification status. | | |
| Experimental animals | Yes (indicate where provided: section/paragraph) | n/a |
| Laboratory animals: Provide species, strain, sex, age, | Our research doesn't involve with animals. | n/a |
| genetic modification status. Provide accession | | |
| number in repository OR supplier name, catalog | | |
| number, clone number, OR RRID | | |
| Animal observed in or captured from the | Our research doesn't involve with animals. | n/a |
| field: Provide species, sex and age where | | |
| possible | | |
| Model organisms: Provide Accession number | Our research doesn't involve with animals. | n/a |
| in repository (where relevant) OR RRID | | |
| Plants and microbes | Yes (indicate where provided: section/paragraph) | n/a |
| Plants: provide species and strain, unique accession | Our research doesn't involve with plants. | n/a |
| number if available, and source (including location | | |
| for collected wild specimens) | | |
| Microbes: provide species and strain, unique | Page4/Line18-19 | |
| accession number if available, and source | | |
| Human research narticipants | Yes (indicate where provided: section/paragraph) | n/a |
| Human research participants Identify authority granting ethics approval (IRB or | Our research doesn't involve with human research. | n/a |
| equivalent committee(s), provide reference number | | ii/d |
| for approval. | | |
| Provide statement confirming informed consent | Our research doesn't involve with human research. | n/a |
| obtained from study participants. | | ii/d |
| | Our research doesn't involve with human research. | n/a |
| Report on age and sex for all study participants. | our research doesn't involve with human research. | ii/ a |

<u>Design</u>

| Study protocol | Yes (indicate where provided: section/paragraph) | n/a |
|---|---|-----|
| For clinical trials, provide the trial registration | Our research doesn't involve with clinical trials. | n/a |
| number OR cite DOI in manuscript. | | |
| Laboratory protocol | Yes (indicate where provided: section/paragraph) | n/a |
| Provide DOI or other citation details if detailed step- | We don't have laboratory protocol | n/a |
| by-step protocols are available. | | ., |
| Experimental study design (statistics details) | Yes (indicate where provided: section/paragraph) | n/a |
| State whether and how the following have been | | |
| done, or if they were not carried out. | | |
| Sample size determination | We don't need to determine sample size. | n/a |
| Randomisation | We don't need randomisation. | n/a |
| Blinding | We don't need blinding | n/a |
| Inclusion/exclusion criteria | Page5/Line12-17 | |
| Sample definition and in laboratory replication | Vac (indicate whom movided, a stice (a movement) | |
| Sample definition and in-laboratory replication | Yes (indicate where provided: section/paragraph) | n/a |
| State number of times the experiment was | Page19/Line10-11 | |
| replicated in laboratory | Page20/Line 4 | |
| Define whether data describe technical or biological | Page19/Line10-13 | |
| replicates | Page20/Line4-6 | |
| Ethics | Yes (indicate where provided: section/paragraph) | n/a |
| Studies involving human participants: State details of | Our research doesn't involve with human participants. | n/a |
| authority granting ethics approval (IRB or equivalent | | |
| committee(s), provide reference number for | | |
| approval. | | |
| Studies involving experimental animals: State details | Our research doesn't involve with experimental | |
| of authority granting ethics approval (IRB or | animals. | n/a |
| equivalent committee(s), provide reference number | | |
| for approval. | | |
| Studies involving specimen and field samples: State if | Our research doesn't involve with specimen and field | |
| relevant permits obtained, provide details of | samples. | n/a |
| authority approving study; if none were required, | | |
| explain why. | | |
| Dual Use Research of Concern (DURC) | Yes (indicate where provided: section/paragraph) | n/a |
| If study is subject to dual use research of concern, | Our research doesn't involve with dual use research. | n/a |
| state the authority granting approval and reference | | , a |
| , 5 5 11 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 | | 1 |

<u>Analysis</u>

| Attrition | Yes (indicate where provided: section/paragraph) | n/a |
|--|---|-----|
| State if sample or data point from the analysis is | Page9/Line15-18 | |
| excluded, and whether the criteria for exclusion were | Page9/Line19-21 | |
| determined and specified in advance. | | |
| Statistics | Yes (indicate where provided: section/paragraph) | n/a |
| Describe statistical tests used and justify choice of tests. | Page9/Line1-5 | |
| Data Availability | Yes (indicate where provided: section/paragraph) | n/a |
| State whether newly created datasets are available, including protocols for access or restriction on access. | We don't have protocols or restriction of access. | n/a |
| If data are publicly available, provide accession number in repository or DOI or URL. | We don't have DOI or URL in repository. | n/a |
| If publicly available data are reused, provide accession number in repository or DOI or URL, where possible. | We don't have DOI or URL in repository. | n/a |
| Code Availability | Yes (indicate where provided: section/paragraph) | n/a |
| For all newly generated code and software essential for replicating the main findings of the study: | | |
| State whether the code or software is available. | We don't have code. | n/a |
| If code is publicly available, provide accession number in repository, or DOI or URL. | We don't have code. | n/a |

Reporting

| Adherence to community standards | Yes (indicate where provided: section/paragraph) | |
|---|---|--|
| MDAR framework recommends adoption of | | |
| discipline-specific guidelines, established and | | |
| endorsed through community initiatives. Journals | | |
| have their own policy about requiring specific | | |
| guidelines and recommendations to complement | | |
| MDAR. | | |
| State if relevant guidelines (eg., ICMJE, MIBBI, | ICMJE guidelines were followed as the journal follows | |
| ARRIVE) have been followed, and whether a checklist | ICMJE guidelines for publication. | |
| (eg., CONSORT, PRISMA, ARRIVE) is provided with | | |
| the manuscript. | | |
