

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-21-891	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	The association between potential risk factor and surveillance loss after ESD in patients with gastric neoplasm will be shared, which has seldom been provide in previous studies.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol and statistical analysis plan will be shared if requested
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date.
7	To whom will you share the data?	Medical researcher who are interested in studies of gastric ESD.
8	For what type of analysis or purpose?	For analysis to evaluate the potential risk factor of surveillance loss after gastric ESD
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: fortune22c@nhimc.or.kr
10	Any other restrictions?	We need to balance the potential benefits and risks for each request and then provide the data that could be shared.
