

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm -21-1772	
Item	Question	Authors' Response (place “-” if not applicable)
1	Would you like to share data collected for your study to others?	Yes, upon a reasonable request.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The As-OCT data in particular will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol will also be shared if reasonably requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	One year within the publication date, since the learning technique may be updated over time.
7	To whom will you share the data?	Refractive surgeons who are interested in studies of progressive keratoconus prediction.
8	For what type of analysis or purpose?	For analysis to assess the prediction capability of progression in keratoconic patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: kamiyak-tky@umin.ac.jp
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
