

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-21-4249	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	All experimental data can be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol and statistical analysis plan will be shared.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years after the article is officially published.
7	To whom will you share the data?	Researchers interested in the role of ACSL4 in sevoflurane-induced ferroptotic neuronal death.
8	For what type of analysis or purpose?	It was used to study the role of ACSL4 in sevoflurane-induced ferroptotic neuronal death.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: lifujun_hydd@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
