

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/atm-21-4023">https://dx.doi.org/10.21037/atm-21-4023</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	No
2	If not, would you like to share the reason for your decision?	The processed data required to reproduce these findings cannot be shared at this time as the data also forms part of an ongoing study.
3	What data in particular will be shared?	-
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Yes, we would be willing to share research protocols, code for how to analyze public databases, and filtering criteria.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date.
7	To whom will you share the data?	Cancer Researchers
8	For what type of analysis or purpose?	I give permission for others to use the documents I share for cancer research
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: drliu7087797@163.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
