Erratum to: Ann Transl Med 2019;7:532

In the published paper entitled “Fibroblast activation protein  $\alpha$ -positive pancreatic stellate cells promote the migration and invasion of pancreatic cancer by CXCL1-mediated Akt phosphorylation” (1), there was an unintentional error of *Figure 3C*—BxPC3 [FAP $\alpha$  (+) PCs + PT100], which would not affect or change the final results or conclusions. To fix this error, a correction with right figure is presented as follows.
