

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/atm-21-6451">https://dx.doi.org/10.21037/atm-21-6451</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	No
2	If not, would you like to share the reason for your decision?	The clinical data of this study come from TCGA database. The experimental data still need to be used for further research.
3	What data in particular will be shared?	-
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form and other documents will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Medical oncologists and gynecologic surgeons interested in cervical cancer research.
8	For what type of analysis or purpose?	To evaluate the role of miRNA-142-3p and miRNA-100-3p in cervical cancer
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: 155j55@qq.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
