

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-21-6497	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Data on the protective role of PKC α inhibition in ALI will be shared, which has rarely been provided in previous studies.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Animal and cell experimental protocols, and statistical methods will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date.
7	To whom will you share the data?	Researchers who are interested in the field of acute lung injury.
8	For what type of analysis or purpose?	Repeat the experimental methods or technique.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: wzliyp@163.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
