Your Name:_ <u>Jun Tan</u>
Manuscript Title: <u>High glucose inhibits the osteogenic differentiation of periodontal ligament stem cells in</u>
periodontitis by activating endoplasmic reticulum stress
Manuscript number (if known):

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to the content of your manuscript. "Related" means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The following questions apply to the author's relationships/activities/interests as they relate to the <u>current</u> manuscript only.

The author's relationships/activities/interests should be <u>defined broadly</u>. For example, if your manuscript pertains to the epidemiology of hypertension, you should declare all relationships with manufacturers of antihypertensive medication, even if that medication is not mentioned in the manuscript.

		Name all entities with whom you have this relationship or indicate none (add rows as needed)	Specifications/Comments (e.g., if payments were made to you or to your institution)
		Time frame: Since the initial	planning of the work
1	All support for the present manuscript (e.g., funding, provision of study materials, medical writing, article processing charges, etc.) No time limit for this item.	This work was supported by the National Natural Science Foundation of China (No. 81700987).	
		Time frame: past	36 months
2	Grants or contracts from	None.	

-		
	any entity (if not indicated	
	in item #1 above).	
3	Royalties or licenses	None.
4	Consulting fees	None.
5	Payment or honoraria for	None.
	lectures, presentations,	
	speakers bureaus,	
	manuscript writing or	
	educational events	
6	Payment for expert	None.
	testimony	
7	Support for attending	None.
	meetings and/or travel	
8	Patents planned, issued or	None.
	pending	
9	Participation on a Data	None.
	Safety Monitoring Board or	
	Advisory Board	
10	Leadership or fiduciary role	None.
	in other board, society,	
	committee or advocacy	
	group, paid or unpaid	
11	Stock or stock options	None.
12	Receipt of equipment,	None.
	materials, drugs, medical	
	writing, gifts or other	
	services	
13	Other financial or non-	None.
	financial interests	

The author reports that the work was supported by the National Natural Science Foundation of China (No. 81700987). There are no other relationships/activities/interests that are related to the content of this manuscript.
