6	When will data availability end?	One year within the publication date, since the technique or data may be updated over time.
7	To whom will you share the data?	Cardiologists and radiologists who are interested in studies of CMR-FT for malignant ventricular arrhythmias in non-ischemic dilated cardiomyopathy.
8	For what type of analysis or purpose?	For analysis to evaluate the value of CMR-FT for malignant ventricular arrhythmias in non-ischemic dilated cardiomyopathy.
